About me 🙋

Co-founder of **Wyloo**, a cluster of young, passionate self-entrepreneurs who have been working together for several years now.

Passionate since a very young age about computers and especially about web development, I trained myself at the beginning in a self-taught way to develop my skills through various **professional experiences**.

Addict to the **Javascript** ecosystem, I mainly develop web applications **reactJS / vueJs** and **nodeJS**.

Skills 🏆

| Languages | Frameworks & librairies | Others |
|---------------------|-------------------------|----------------|
| Javascript ES2020 ★ | CSS3 | React JS v17 ★ |
| TypeScript ★ | Java | Adonis JS v4 ★ |
| PHP 8 | SQL | Vue JS 3 ★ |
| HTML5 | MQL | Laravel |
| | Sass | Tailwind CSS ★ |
| | | Next JS |
| | | Symfony |
| | | Express |
| | | AWS |
| | | Heroku |
| | | UML |
| | | Nginx |
